THE ADVOCACY TOOLKIT

ABOUT

This advocacy toolkit is designed to be a practical tool to effectively fight gender equality. By setting up daily challenges, the tool kit will help those facing positions of inequality within families, relationships, and the work place.

Community members and individuals advocating for gender equality through personal experience and action, encourages others to get involved and to stay focused on their aims. By using models, gender equality advocates embolden peers' agency to focus on questioning beliefs, adopting new customs of understanding within the community and influence a common fight in the prevention of violence against women.

Advocacy on gender equality means creating gender justice reform in our society and a better place to live for men and women. En-

gaging the youth population requires their involvement during all the steps, trusting in their abilities, energy, and capacity to develop new key programs for men and women in the fight for gender equality.

Divided into 30 days, this advocacy toolkit empowers people to reflect on their perceptions and everyday actions or behaviors; realizing their own power to change themselves and others.

FOR WHO?

The advocacy toolkit is mainly for young leaders, however, it can be extended to anyone who would like to make societal changes, starting with themselves first.

WHEN YOU'RE IN A GROUP, IT IS VERY COMMON TO FOLLOW THE PACT AND TO SUCCUMB TO PEER PRESSURE. HOWEVER, TAKE A MOMENT TO REFLECT: DO THE THINGS THEY WANT YOU TO PARTICIPATE IN ALIGN WITH YOUR OWN BELIEFS, NEEDS AND VALUES?

SAY 'NO' WHEN YOU DON'T FEEL LIKE SAYING YES
